The Committee having
in charge the Highland
mission make the following
report which this Meeting
fully sympathizes with

To the Boston Preparative Meeting of Friends.

The committee appointed in the Fourth Month last to take charge of the Meeting at Highland Hall, will at this time present the following as a report of progress.

For a time after the appointment of this Committee the Meetings were conducted substantially the same manner as they had been conducted. The attendance during the first four months of our appointment although fluctuating showed perhaps on the whole a slight

increase over the number in attendance at Commencement.

The Bible class that was attempted proved to be unsuccessful and was dropped in the Seventh Month. No Mutings were held during the Eighth month on account of the absence of Friends from the city.

In the summer arrangements were completed for a course of six Lectures to be delivered commencing on the 30th day of the Ninth Month. Five of these Lectures have now been delivered. The last is arranged to be delivered

next Sabbath, As most Friends have been familiar with the Lectures as they have proceeded it is unnecessary to speak of them in detail. We are glad to report that the attendance during the Lectures has been quite good both of Friends and of Strangers although not as full as we would have desired. We think they have been very beneficial and instructive to the Friends who have attended and afforded an unusual opportunity for Strangers to become familiar with some of our principles. We think that the effort which has been

Made to advertise the lectures has extended through the community the knowledge of the existance of our meetings at that place and will be of lasting benefit.
It is probable that many people in the vicinity have been informed in regard to our meetings there by this means who had not known it before.
It was the intention of the Committee in organizing this course of lectures that it should be an introduction to our future work in the place and the right step at the commencement of our extended effort to

bring before the community in that place the knowledge of our principles.

We anticipate now that the Sabbath evening of the 11th of next month, the first succeeding the completion of the course of lectures will be occupied by a Bible Reading to be given by William Jacob. Father than this the committee have made no arrangement at present. and before doing so it was thought advisable to lay the subject before the Preparative Meeting that we may have a full expression of the views of all the members as to the

best course to be pursued
in immediate future work.
The Committee feel that
present is an important
juncture. We think
that the advantage which
was intended when the
course of lectures was estab-
lished will be fully gained
if the hearty coöperation
and punctual attendance
of all our members upon
the future Meetings is obtain
The Committee also wish
to urge upon Friends the
great importance that
every individual member
of the Meeting should feel
his personal responcibility

in the work and that in addition to being punctual in attendance whereon it is possible, he should present himself fully prepared by consecration and prayer and dedication to God to perform acceptable every duty which shal be required of God and which shal be manifest to him by the Holy Spirit. Unless this earnest and practical and constant attention can be given to the work in the immediate future the advantage which we anticipate from the course of lectures will

not be fully gained and a loss will be sustained which will defer the prosperity of the enterprise which we all desire to see -

The final report of the Committee will be due at the Preparative Meeting in the Twelfth Month. At that time the Meeting will be called upon to enter into a new appointment of Committee But neither the present Committee nor any other Committee which is likely to be appointed can succeed in carrying

on this work as it should be done only they have the full sympathy and earnest coöporation of the whole meting - We wish to make this very emphatic. We wish also that a full expression shal be given at this time by all who are present. frankly advocating any course which seems right to them to pursue. and the Committe will endeavor to undertake to execute the wishes of the meting in every particular as they shal be expressed

1st. There shall annually be appointed a Superintendent, Assistant Superintendent, Secretary, Treasurer, Librarian, Assistant Librarian & Librarian Committee and Finance Committee.

2d It shall be the duty of the Superintendent to

conduct the exercises of the school and as many teachers as it is deemed necessary, who shall also be his advisers in reference to the conduct of the school. He shall preside at the Preparatory meeting in the 12th month and report the condition of the school for the year which shall be placed on the record of this meeting.

3rd In the absence of the Superintendent it shall be the duty of the Assistant Superintendent to conduct the exercises of the [illegible]

and [illegible] shall
duties as may be required of
by the Superintendent

§ 4. The Treasurer shall have
charge of all funds be-
longing to the School Dis-
trict, and shall disburse
the same under the direc-
tion of the Board, and
make a report of the
financial standing
of the District annually.

§ 5. The Librarian shall have
charge of the Library, under
the direction of the Board
committee, and shall be a member ex officio

keeping an account of books taken out and returned.

It shall be the duty of the Secretary to keep a correct record of the attendance of teachers and pupils and make a report thereof annually to the Preparatory Meeting in the 12th month and at such other times as the Superintendent may direct. Also to keep such investments in connection with the exercises of the School as shall be directed.

The Finance Committee shall make the necessary provision for the necessary

funds by weekly collection
in the school and if found
necessary, ask for an appro-
priation from this meeting.
Propositions for donations
or appropriations by the
school must first be
made to the Finance com-
mittee, and if approved
then may be submitted to
the school for their action.

8th The library committee shall
make all necessary rules
for the government of the
library, shall purchase
books when desirable and
keep them in proper con-
dition for circulation,

and report annually to the Superintendent of Public Instruction.

Sec. 15. A committee shall be appointed by this meeting in the 12th District to carry forward matters for officers and committees for the ensuing year to an adjourned meeting to be held in the evening. Notice of this meeting shall be extended by the Clerk to every member of this meeting and of the school, all of whom shall have equal voice in the election of the officers and Committees. At this

including the annual report
by the Officers and Commit-
tees shall be read. The
nominating committee
shall also make such
other arrangements for
the exercises of the evening
as shall in their judge-
ment best advance
the interest in Bible
School work among us.

The report of the officers

in reading of
the Superintendent's report
In reviewing the work of the
school for the last year, I will
say and state in as few words as
possible the condition of the school
the first of the year, and the progress
we have made. We had at the
commencement of the year
about fifty members with an
average attendance of thirty
four; during the summer
months we had a reduced

were out of town, which made the average lower than it would otherwise have been. Still we all would be glad to have our numbers larger & should not cease from making every effort in our power to bring into our school those who do not attend the Sabbath School. We may find encouragement in the work we have accomplished. The interest in the lessons continues as good as ever, & I think the pastor can well congratulate itself upon having for teachers those who take such deep interest in the school & the pupils & their charge if I may be

abandoned for mid-winter one class more than another, I will say that the Bible Class has been well attended; much better than the two years previous, I think; and in the spring and fall months the class of young people has been larger than ever before since I have been here. God has a work for us to do in this large field and let us remember that it does not require a large membership to enable us to be in earnest in our work for Him. We are receiving His blessings continually and as this old year goes out and the new one comes in let us consecrate ourselves anew to the

duties that shall fall upon us, both teachers and pupils.

Respectfully submitted

Albert N. Peaslee Treasurer
of the Friends Bible School in Boston
The Finance Committee's report.
Boston 12/22. 1887. Following our ap-
pointment we have to report, that
we have carefully examined all
bills given to the Treasurer of the
Bible School for payment during the
year, and have now, at its close, ex-
amined his accounts and found them
correct, with proper vouchers for all
disbursements. From his records,
which we lay before you at this time, we would
call special attention to the showing,
that of the total receipts for the year, about
two thirds, came in and to special ap-
peals, made on two occasions, for
charitable, worthy, causes. Aside from
the special receipts, about fifty

dollars ($50.00) were collected during the year - or about one dollar for each sabbath. From this sum of ($50.00) fifty dollars, we have expended for library additions and improvements, about thirty dollars ($30.00) - for lesson helps, paper and minor expenses of the school, about fourteen dollars ($14.00) - and the remaining four or six dollars for mission work.

Your committee are glad to report the generous responses with which the special appeals referred to us, have been met. We would recommend an increase rather than a reduction of the expenditures for aids to Bible study and instruction, nor would they suggest the use of a smaller amount for library purposes. In view of the results shown for the past

years they would submit for consideration, the advisability of some arrangement being made, by which nearly all, if not all, collections may be taken for definite purposes, that as a school we may be more systematic, generous and interested in worthy giving.

Joseph D. Wood, for the committee.

The report was received and the committee discharged.

On motion the librarian was instructed to procure a catalogue of the books in the library.

On motion the librarian was instructed to purchase at the commencement of the year such periodicals as may be thought necessary.

The librarian reported that an accurate account of the books taken out, the fines and the number taken out this year is one hundred

several years, for quite a few members appeared in the register against the names of members of the elder classes. It is not impossible that these facts may be upon our school books of interest to them as well as those more especially addressed to the younger class.

There are Essays, Biographies and Sketches, addressed a number of the Friends here, One of our missionaries to Japan reports "a few days ago a man living near Tokyo, wrote us a card saying he and all his family had read the "Life of Stephen Grellet" and were Friends in principle." At one of our recent Quarterly meetings several Friends testified to the pleasure & comfort they had

ded in increasing Funds books.
Possibly at our next annual
meeting many of us will be able
to hear the same testimony.

The situation of our Book
case and the short time in-
tervening between meeting
and school make it necessary,
in order to avoid confusion,
that there should be some
definite arrangement in re-
gard to changing books. We
would suggest that the scholars
keep several numbers on their
cards and leave them on the
window ledge, as they come
into School and that the li-
brarian leave their books in the
same place to be taken as the

scholars pass out. We would ask the cooperation of the teachers, that the Library may be made of as much value as possible to the school, that they will acquaint themselves as far as they are able with the adaptability of the books to the needs of their scholars, and thus be able to advise them in their selections. We have this year added twenty nine volumes to those all ready on our shelves making two hundred eleven books in the Library. In selecting the books we have endeavored to

only those which would be helpful as well as entertaining.
